The evening will be moderated by Jimmy Deenihan and Audrey Galvin, with Sean Kelly MEP discussing Ireland's place in Europe and the importance of the European Union to rural communities such as North Kerry. This will be followed by an open discussion with the audience.

A central part of the evening will be Rambling Europe – Stories Across Borders, inspired by the traditional rambling house and the importance of storytelling in preserving the experiences and memories of communities.

Members of the public are being invited to become part of the evening by contributing their own stories. These might be traditional rambling house stories or local memories, stories that cross borders, or personal recollections of Ireland's membership of the European Union and how Ireland and local communities have changed during that time.

Contributions on the night will be recorded as part of the Communicating Europe Initiative, capturing local voices and experiences and celebrating the stories that connect North Kerry with communities across Europe.

Traditional music will also feature during the evening, celebrating North Kerry's rich cultural heritage and its connections with a wider European identity.

Everyone is welcome – whether you have a story or memory to share or simply want to come along, listen and join the conversation. If you wish to contribute on the night please contact us in advance at teachsiamafinuge@gmail.com with subject "North Kerry and Europe Event"

- NGOs seeking to strengthen their capacity in equality and human rights
- Public sector professionals working with socially excluded groups
- Businesses committed to advancing diversity and inclusion
